Artikel-Info

Art-Nr. 7100064

Bezeichnung : PCI Karte - USB 2.0 - 4+1 Port

PCI Schnittstellenkarte USB 2.0 - 4+1 - M-CAB®

Technische Daten:

- Erweiterung 5x USB 2.0
- Einbau: PCI Bus 32 Bit intern
- Anschluss: 4x USB A female + 1x intern
- Spezifikation gemäß UL-2725
- Automatische IRQ Adressierung
- Max. Geschwindigkeit: 480Mbps
- Interner Überspannungsschutz
- Plug and Play
- RoHS konform, FCC, CE

Key Specifications | Special Features :

- Features: PCI to USB card with advanced features compatible with Microsoft USB drivers (Windows 95/98/Me/2000/XP) and Mac
- Compliant with USB 2.0,PCI 2.0 and OHCI 2.0 USB ports
- Pre-portoutput current 500mA with over-current detection and protection
- 32-bit 33MHz PCI interface
- Surpporting up to 127 devices over all industry standard of USB
- Compatible with 4-wire cable
- Manage data transmission
- Low speed (1.5 Mbps),full speed (12Mbps),control, Interrupt, bulk, and isochronous transfers
- With complete reliable drivers that interface with all major USB devices
- Supporting all USB-compliant keyboard, mouse, monitor, scanner, printer, telephone, CD-ROM drive, joystick, Virtual reality helmet, modem, PBX, game devices, etc.
- Compatible with virtually all 486,Pentium, and Pentium Pro PCI-based motherboards
- Complete 100% plug-and-play ready
- PCI 2.0 compliant and PC 97 compliant
